

YOLO COUNTY DEMOCRAT.

SATURDAY, APRIL 3, 1909.

Democratic Central Committee.

A meeting of the Democratic Central Committee of Yolo county will be held Saturday, the 3d of April, at the Court House in Woodland. Business of importance will be transacted. A full attendance is desired.

H. GWINN, Chairman.

JAS. A. DOWD, Sec'y.

ABOUT KANSAS.—A colony of Delawarans, all Democrats, lately desired to settle in Kansas, and asked the editor of the Democrat for information concerning that State. He tells them that Kansas is a State of great fertility, and blessed with a genial climate, and its generous soil yields bountifully to the hand of honest labor—but it is cursed with the most contemptible horde of degenerate "truly loil," political gorillas on top of the "cold clay." He tells his inquirers that if they go there to take their Democracy with them, and cling to it. Be honest, industrious and frugal, he says, and they will not only win a competency, but a good name for themselves and children.

EARTHQUAKE.—Two heavy shocks of earthquake were felt in San Francisco on Thursday evening. Everybody was badly frightened, but no serious damage was occasioned. The earthquake was also felt at other points. The following dispatch was received by the Reporter from San Jose, April 1st:

Quite a lively shake of an earthquake was experienced here at 5:45 this afternoon, causing a general rush for the streets. No damage of any account was done, with the exception of the smashing of several wagons, caused by runaway horses.

AN EGOIST.—George Francis Train still confidently asserts that he is to be a future President of the United States. In a recent correspondence he makes use of the following modest declaration:

I am as certain to be President of America some day, as I am sure that there is more virtue among the people than among the politicians. But to be President I would not turn over a penny. It is only the mission of destiny. I go to elevate the White House, not myself.

NEW COLLECTION DISTRICT.—The bill lately introduced in Congress to make Valjeo an additional District for the collection of customs in California, to include all the territory, bays, harbors, rivers, and shores embraced within the counties of Napa, Solano, Yuba, Colusa, Tehama, Shasta, Sacramento, Yuba, Sutter, Butte and Siskiyou has been reported against by the Committee on Commerce, to whom it was referred, and is therefore dead for the present.

BIBERY IN THE GEORGIA LEGISLATURE.—The Augusta Press distinctly charges that the present State Printer was elected through a combination with certain members of the Legislature—calling them by name—in which it was provided that the latter should receive a portion of the profits arising from the office. The State Printer does not deny the charge, although he has taken occasion several times to allude to it.

BAD CURRENCY AT WHITE PINE.—W. J. Forbes, an ex-journalist, is now running a whisky mill at White Pine. Having lost his dog, he sent an advertisement to the Sacramento Union, together with a ten-dollar greenback, which turned out to be a counterfeit. It was sent back and another forwarded with an apologetic letter, and that turned out bad also. Hence the Union thinks that the currency at White Pine is demoralized.

"SPOON"—Under this head the Marysville Appeal pours forth its vitals of wrath on the head of Ben Butler, denouncing him as a bully and a mad-man, not omitting to ridicule the national defect in one of the Senator's eyes. After all, there is not so much difference of opinion as we had supposed between the Journals published at La Crosse and Marysville.

LIVELY TRAIL.—Judging from local reports in the San Francisco papers, the evil does of that city are making things quite lively for the police force. A single column of the Times of March 31st contains a condensed account of nearly a dozen crimes, committed on the streets, among which are mentioned burglaries, fights, robberies and manslaughter.

STATE PRISON.—There are 729 convicts in the California State Prison, whose ages are: Twenty years and less, 84; twenty to twenty-five years, 165; twenty-five to thirty years, 158; thirty to thirty-five years, 152; thirty-five to forty years, 75; forty to fifty years, 45; fifty years and upwards, 21. Their terms of imprisonment are: Life, 20; twenty-five and upwards, 25; fifteen to twenty years, 4; ten to fifteen years, 60; seven to ten years, 112; five to seven years, 60; five years, 95; four years and upwards, 58; three years and upwards, 135; two years and upwards, 108; one year and upwards, 52.

TEHRAN DISASTER.—The Pacific Mail Steamship Herman was totally lost recently, seventy miles north of Yokohama. There were about five hundred passengers on board, most of whom were Japanese. Only about one hundred were saved.

ADVERTISING A DIFFICULTY.—The negroes of a religious congregation in Georgia, recently got into a dispute which seemed to be difficult to settle. They finally ended their quarrel by burning their church.

A SWINDLER.—A brewer in San Francisco recently purchased about 200 sacks supposed to contain barley. When opened they were found to be full of burrs, with a layer of barley on top. That broke wooden patines.

SQUADRYTE.—On a fence in Berkshire is painted in glaring capitals: "Use Dr. Prior's Cough Balsam," and just below, "Buy your grave-stones in Pittsfield."

NEW PAPER.—A daily paper, called the Inland Empire, has been started at Hamilton, Nevada.

The Prospect.

The season is now far enough advanced to determine with some degree of certainty what will be its probable character in future and what amount of resources it will furnish from the stores of nature to add to the rapidly increasing wealth of the State. A much more extensive area has been plowed and planted this season than ever before. Large sections of the country in the valleys and adjacent to the foothills, heretofore only used as grazing ground, have already proven the richness and value of the soil by the luxuriant growth of grain and vines with which they are this season for the first time covered. It can scarcely be doubted that, should the season continue favorable, by far the largest crop will be harvested ever before witnessed in California. The variety of productions also will probably be greater this season than usual. Besides having produced the best quality of wheat in the world, it has been demonstrated that the soil and climate is well adapted to the growth and maturity of all the finest fruits, nuts and berries and other valuable products. Every indication is favorable for an abundant crop of the most valuable products all over the State, and there is no reason to fear that the labor of the agriculturist, as well as the miner, will not be remunerative, for the superior quality of California products will always find ready purchasers, even when the markets are bountifully supplied. It is also a gratifying fact that more care has been taken this season than any previous one to select and set out shade and ornamental trees, adding to the beauty and value of lands and giving a home appearance to broad acres heretofore uncultivated and unimproved. Really there seems to be no obstacle in the pathway to rapid advancement in wealth and prosperity, and no people have ever had more reason to feel grateful for the favors of Providence than the people of California now have in the enjoyment of fine prospects for the future.

A SENATOR AWAKENING TO THE DANGERS OF THE SITUATION.—In his place, in the U. S. Senate, the other day, says the Call, Senator Sprague, Republican Senator, gravely declared, as his solemn conviction, that in less than ten years there would be a Dictator over the United States, and that the result would be produced by the course now being pursued by the majority in Congress. In making this allegation, the honorable gentleman only reflects what has long been the conviction of thoughtful minds, who have carefully considered passing events. The Senator has made only one mistake. If he had said "five" instead of "ten" years he would have been correct. All the teachings of history go to show that unless violence intervene and in some measure subvert the power of Radicalism, the result prophesied is as sure to transpire in a short period as the sun is to make its diurnal appearance for the next five years.

ADVANCE IN LANDS.—Since the prospective completion of the Valjeo Railroad has been regarded as a certainty soon to be realized, the fact has had the effect of raising the value of land in the counties through which the line has been surveyed. The Sutter Banner, referring to this subject as it relates to Sutter county, says:

From every quarter we hear encouraging reports from our farmers. Farms that three years ago could be bought for three, five, eight, to ten hundred dollars, now would sell readily for many thousands. Where there was but a squatter claim and cabin, or nothing, now we see well fenced and cultivated fields, and substantial dwelling houses. Along the proposed route of the railroad the land has greatly risen in value, and farms have changed hands at increased prices.

FIFTEEN GREAT MISTAKES.—It is a great mistake to set up our standard of right and wrong, and judge people accordingly. It is a great mistake to measure the efforts of others by our own; to expect uniformity of opinion in this world; to look for judgments and experience in youth; to endeavor to mold all dispositions alike; not to yield in immaterial trifles; to look for perfection in a fallen world; not to aim at perfection in our own actions; to worry ourselves and others with what cannot be remedied; not to alleviate all that needs alleviation as far as in our power; not to make allowances for the infirmities of others; to consider every thing impossible which we cannot perform; to believe only what our flimsy minds can grasp; to expect to be able to understand everything. The greatest of all mistakes is to live only for Time, when any moment may launch us into Eternity.

THE SUEZ CANAL.—Next October is the time announced for the completion of the great work of constructing the Suez canal. The total cost of the work is estimated at four hundred million francs. It will be opened to all neutral vessels, of every nation crossing from one sea to the other without distinction of persons or nationality, on the payment of tolls and the observance of certain rules established by the company. The year 1869 will be remarkable for great improvements, the greatest of which will be the Atlantic and Pacific Railroad and the Suez Canal.

COMING TO CALIFORNIA.—It has been rumored for some time past, says the Capital Reporter, that President Grant contemplates a visit to the golden shores of the Pacific during the coming Summer. It now appears certain that he will make the trip. The people of California will be glad to meet him, and show him our vast improvements, and the rapid strides our young State is making in everything calculated to make her great. He will doubtless be surprised at the great extent of things now, and the way they were when he was a citizen of Knight's Ferry.

THIS WINNEBAGO (IOWA) PRESS TELLS of a lively little contest between the "Christians" and "sinners" in contributing wood to the minister. The Christians hauled the first, and the sinners the second day—the sinners coming out ahead.

NEWS IN BRIEF.

The Sacramento Valley Beet Sugar Company have a capital of one hundred thousand dollars. Their works will be constructed near the city of Sacramento.

A woman, in a fit of insanity, jumped from the fifth story of the International Hotel in San Francisco, on Monday last and was instantly killed.

In San Francisco, the other day, Jack Turner was held to bail in the sum of \$2,000 for biting a man's ear-ear.

General Crittenden has been appointed Superintendent of Recruiting for the Division of the Pacific.

S. W. Brockway, Judge of the 11th Judicial District, died at San Mateo March 30th, of congestive chills.

The Democracy of Colusa county have adopted the Crawford County Plan for making nominations.

The Steamers Capital and New World ran a race on the bay last Saturday. The Capital was the victor.

L. Brown, of Santa Cruz county, has been placed under \$10,000 bonds for shooting L. White.

Two hundred thousand olive cuttings have been sent out this season in Santa Barbara county.

The Stocktonians are about to lay down the Nicolson pavement in their streets.

A quarry of superior roofing slate has been discovered in Tuolumne county.

A whale was washed ashore in the breakers, near the Cliff House, recently.

A shock of an earthquake was felt at Haywood on Wednesday last.

A Healdsburg cow has given birth to four calves within eleven months.

Land in the vicinity of Los Angeles has advanced to exorbitant prices.

Cattle thieves are committing depredations in the vicinity of Benicia.

A jockey club is to be organized in Marysville.

DEATH OF JUDGE S. W. BROCKWAY.—Yesterday afternoon a dispatch was received by Judge O. C. Pratt, announcing that Judge S. W. Brockway was dying, in San Mateo county, from an attack of congestive chills. Judge Pratt immediately took the cars, and hastened to the bedside of his dying friend, and communicated the intelligence that Judge Brockway breathed his last at half-past five o'clock. The deceased had been District Judge of the Eleventh Judicial District of the State of California for the past five years, during which time he won a reputation for judicial acumen and sound legal knowledge. He was a man of fine education, possessed of a heart ever awake to the kindest impulses and the noblest sentiments, and won friends wherever he went. For many years he was a resident of Mokelumne Hill, but recently he resigned his position as Judge of the Eleventh District, and removed to San Francisco, for the purpose of associating himself with W. H. L. Barnes, in the practice of his profession. A few days ago he felt unwell, (as he thought), owing to contracting a cold, not being accustomed to the changeable weather of this city, and he was induced to go to San Mateo county, where he was thought he could regain his health in a few days. No one imagined that his illness was of a serious character, and his friends were overwhelmed with grief when, yesterday, they learned that he had been stricken down with congestive chills, and was dying. The death of Judge Brockway, California loses one of her best lawyers, her ablest jurists, and a good citizen; and, in common with hundreds of others, we are grieved to be compelled to make the sad announcement that he has passed away. He was about thirty years of age, and he was a native of New York, and graduated at Union College. He studied law at Cherry Valley, Oswego county, New York, and came to California in 1850. He had recently returned from Oregon, where he had gone to attend a land suit, at which large amounts of state land were the subject of litigation. Mr. Brockway was the legal adviser of Mr. A. Hayward, at whose house he died.—(Call, March 31st.)

TENNESSEE BRATERS FREE.—The Vicksburg (Miss.) Whig says: W. G. Brownlow, full of years, hate, iniquity, bitterness, and covered with the execrations of an outraged and oppressed people, who have long been the victims of his relentless persecutions, has tendered his resignation as Governor of Tennessee, to take effect on the 25th inst. We hope this is his final departure from office and power, as he has so fully deserved it. He deserves to retire to the shades of private life, to devote his few remaining years in efforts to appease his angered and outraged Maker. Clothed with the sanctity of gospel professions, he has uttered more blasphemy, been deeper dyed in infamy, slung more venomous and hypocritical than has been produced elsewhere during the age.

TAKING OUT GOLD ALREADY COINED.—The Nevada Transcript says: "It is not known what success is being made in finding gold and silver already coined, but one instance of the kind recently occurred in this city. Leavitt & Co., in running up the ravine for the purpose of putting in their flume under the city, had to excavate, and they put up sluices as they opened the way for the flume, and shovelled the dirt into the boxes. Already the first day's washing they took out \$70.50 in coin, all the gold pieces being of a denomination less than ten dollars. This was a good haul, and as the metal was already coined we put this result a little ahead of anything that has been done in White Pine, even taking the assertions of correspondents who have prospective fortunes in feet in that locality.

GOLD.—About a month ago a ledge called the Black Eagle was located in the Spring Mountains, seven miles north of Hamilton, and work was soon afterward commenced on it. Some ten days since a rich deposit of gold and silver ore was struck on it, the gold largely predominating—some of the rock being literally spangled with the precious metal. The ledge is represented to be from 30 to 40 feet wide, the pay streak being about two feet in width and running along the north side of the ledge. Wood and water are abundant in the immediate vicinity of the Black Eagle, and the locators have an eye upon the national debt.—(Hamilton Empire, March 27th.)

BARLEY.—A San Francisco commercial circular says: "The price has been nominal all through the month, and it would be difficult to put a large quantity on the market without making a serious sacrifice. The free arrivals of corn from Los Angeles has money of feed barley. It is quotable at \$1.90 to \$2 for feed, and \$2.05 to \$2.15 for brewing."

HIGHEST PRICE PAID FOR WOOL.—Best quality of Wool Sacks for sale. FLEISHMAN & KAUFMAN.

CHANGING.—The telegraph says Grant intends to put the Indians under the management of "Friends." What a great pity would not pursue the same policy towards the people of the South. For years past they have not only been treated as enemies, but none but enemies have been sent to rule over them.—[Examiner.]

New Advertisements.

PLANTERS' HOUSE,
CORNER OF MAIN AND MILL STREETS,
WOODLAND.

The first and most healthful Tonic ever introduced into the United States is still the leading article, and more of this sold than of all other so-called Tonics or Bitters.

For sale to the Trade by TAYLOR & BENDEL, sole agents, 409 and 411 Clay street, San Francisco.

Sheriff's Sale.
By authority of an order of sale, dated March 15, 1899, issued out of the District Court of the Sixth Judicial District, for Yolo county, in and to the following named certain mortgage, wherein Rebecca T. Hoff is plaintiff and J. W. Hopkins, Mary Ann Hopkins, T. J. Milliken and others are defendants to satisfy a judgment of said court for the sum of five hundred and four dollars (\$504.00), and thirty-three dollars and eighty-five cents (\$33.85) costs, with all accruing costs, and interest on said principal sum at the rate of seven per cent. per annum from March 15, 1899—All said sums are to be collected in gold coin of the United States—I will, on Monday, the 10th day of April, 1899, at the hour of 11 o'clock A. M., at the Court House door, in Woodland, Yolo county, California, sell at public sale, to the highest and best bidder, for cash, in gold coin as aforesaid, the following described real estate and mortgaged premises, to-wit: A tract of land beginning at the north-west corner of the north-east quarter of section 30, running thence east thirty-four chains and sixty-six hundredths to a post; thence south sixty-six degrees and fifteen minutes east, forty-one chains and thirty-four hundredths, to the bank of the Sacramento river; thence south thirty-six degrees east down the river bank twenty-two chains and sixty-six hundredths to a point on the line with the center of the ditch on the north side of Lewis' turnpike road; thence south seventy-one degrees west ninety chains and eighty-one hundredths to a point fifty hundredths of a chain north of the center of said turnpike; thence north thirty-one chains and twenty-five hundredths, to the place of beginning, containing one hundred and eighty-two acres and eighty-nine hundredths, more or less, in township nine north, range four east, Mount Diablo meridian, and being the same land described in a swamp and overflowed land certificate No. 2,138, issued out of the State Land office of this State on the 15th day of August, 1886, to S. W. Hopkins.

WM. MINIS, Sheriff.
A. CORTE, Jr., Attorney for plaintiff.

FOR SALE.
A new brick dwelling house. A two-story frame dwelling house and lot. Also a five-acre lot, with fine dwelling house, barn, orchard, vineyard and ornamental trees and shrubbery. This is one of the most desirable residences in Woodland. Also, lots in different parts of town.
C. S. FROST, Notary Public and Real Estate Agent.

Notice to Contractors.
The Board of Supervisors of Yolo county, in and to the following named certain mortgage, wherein Rebecca T. Hoff is plaintiff and J. W. Hopkins, Mary Ann Hopkins, T. J. Milliken and others are defendants to satisfy a judgment of said court for the sum of five hundred and four dollars (\$504.00), and thirty-three dollars and eighty-five cents (\$33.85) costs, with all accruing costs, and interest on said principal sum at the rate of seven per cent. per annum from March 15, 1899—All said sums are to be collected in gold coin of the United States—I will, on Monday, the 10th day of April, 1899, at the hour of 11 o'clock A. M., at the Court House door, in Woodland, Yolo county, California, sell at public sale, to the highest and best bidder, for cash, in gold coin as aforesaid, the following described real estate and mortgaged premises, to-wit: A tract of land beginning at the north-west corner of the north-east quarter of section 30, running thence east thirty-four chains and sixty-six hundredths to a post; thence south sixty-six degrees and fifteen minutes east, forty-one chains and thirty-four hundredths, to the bank of the Sacramento river; thence south thirty-six degrees east down the river bank twenty-two chains and sixty-six hundredths to a point on the line with the center of the ditch on the north side of Lewis' turnpike road; thence south seventy-one degrees west ninety chains and eighty-one hundredths to a point fifty hundredths of a chain north of the center of said turnpike; thence north thirty-one chains and twenty-five hundredths, to the place of beginning, containing one hundred and eighty-two acres and eighty-nine hundredths, more or less, in township nine north, range four east, Mount Diablo meridian, and being the same land described in a swamp and overflowed land certificate No. 2,138, issued out of the State Land office of this State on the 15th day of August, 1886, to S. W. Hopkins.

YOLO COUNTY DEMOCRAT.

County Official Paper.

TOWN AND COUNTY MATTERS.

FATAL AFFRAY.—An affray occurred at Davisville, on last Sunday night, in which Michael McNeill lost his life. The following is the verdict of the Coroner's jury: "State of California, county of Yolo.—In the matter of the inquest on the body of Michael McNeill: We, the undersigned jurors, summoned to appear before James O'Neil, Justice of the Peace in and for said county, on the 29th day of March, 1893, to inquire into the cause of the death of said Michael McNeill, having been duly sworn, according to law and having made such inquiries and inspection of the body, and hearing the testimony adduced upon our oaths each and all say that we find the deceased was named Michael McNeill, a native of Ireland, aged about 38 years, that he came to his death about 11 o'clock on the night of the 28th of March, 1893, in the county of Yolo, and that his death was caused by a knife wound inflicted in the right leg and severing of left branch of the femoral artery, and that said wound was inflicted by a knife in the hands of one Dennis Buckley; and we further find that we believe that said Dennis Buckley was the person who shot the death of the said Michael McNeill, and that the general cause of said wound, all of which we duly certify by this inquest in writing, by us signed this 29th day of March, 1893. James T. Lillard, George Weber, Martin Boyle, T. S. Sweet, M. D. Barnett, John R. Cich, Martin Hunt, R. Wilson."

HEARD FROM.—We have received a letter from our townsman E. H. Baker, who, in company with Messrs. Harlan and Masten, is making a tour through the Southern portion of the State. The letter, dated Visalia, March 21st, contains some interesting items which came under their observation while passing over the country through which they have travelled since leaving Woodland. The party have spent most of their time in the valleys of the San Joaquin and its tributaries. Baker writes that he and his companions are somewhat disappointed in the appearance of the farming country in that section; it is not so rich and inviting as it had been represented. Many fine ranches have been seen on their route, but the general aspect of the country would compare most unfavorably with Yolo county. In the opinion of the party an area of ten miles square around Woodland is worth more than all the land they have seen since crossing the bay at Benicia.

SERIOUS ACCIDENT.—On Friday night of last week Hiram Harris had his leg broken above the knee joint by a kick from a horse. Harris has been in the employ of J. M. Dickerson of this place. About nine o'clock in the evening he went into the stable on Dickerson's premises and approached the horse in one of the stalls, and received the injury stated above. He remained in the stable until Saturday morning before his condition was known, suffering the most intense pain. As soon as he was discovered he was immediately removed and kindly cared for. He is now in the county hospital and doing well.

AN EGG WITHIN AN EGG.—Phil. Kincheol brought to this office this week a hen egg, huge in dimensions and most singular in its formation. The egg, a perfect oval, measured in its greater circumference 10 1/2 inches and in its lesser 8 1/2 inches. On being broken at one end, another egg of ordinary size, with perfect shell, was found inside and surrounded by the white and yellow of its large envelope. This is the strangest freak in the production of "hen fruit" we have seen recorded. If any of our exchanges can beat Kincheol's pullet we will furnish our hat for a nest.

PERSONAL.—We had the pleasure, yesterday, of meeting with Hon. James Johnson, of El Dorado county, who has been spending a few days in Woodland in view of selecting a location for a future residence in our midst. Mr. Johnson held the office of County Judge of El Dorado for a number of years, and was afterward elected to represent his District in the State Senate, which position he still holds until his successor is elected and qualified. If successful in securing a pleasant location, he designs entering into the practice of law in this county.

ALL FOOLS' DAY.—Some amusement was created on Wednesday last by parties who took advantage of the occasion to play pranks and practical jokes. Nice packages and well filled purses were found lying about loose, half dollars were ingeniously fastened down to the side-walk and many devices were resorted to for the purpose of deceiving the unsuspecting. The College bell mysteriously lost its clapper, which rendered it necessary for the janitor to ascend into the belfry and use a hammer for the purpose of calling together the mischievous archers.

INSANE.—Thomas B. Jackson, an old resident of this county, having recently shown evidences of insanity, a complaint was made against him and Dr. Hunter and Fowler were appointed to hold an examination. After a lengthy examination of the case, he was pronounced insane and sent to Stockton yesterday morning in charge of Deputy Sheriff Lawson. Although his insanity is mild in form, it was considered dangerous for him to be at large. His friends are hopeful that he will recover his reason in a short time.

Too Soon.—We learn that letters have been received here from the company which started a short time ago on a prospecting tour to White Pine, stating that the mining districts are covered with snow, and as a consequence many are unable to secure employment in that region. The company regret having started so soon and advise others who think of making the trip not to start early, but rather wait until the weather moderates and the snow melts.

SURPRISE PARTY.—On Wednesday evening last the friends of Rev. W. C. Curry assembled at his residence, the parsonage, in quite a crowd and spent a most agreeable time in social intercourse. Before bidding the parson good night they made him a happy recipient of a purse containing seventy-five dollars and other valuables, for which the donors received the minister's warmest thanks.

PLANTER'S HOUSE.—This fine hotel was opened to receive guests on Sunday last, since which time it has been thronged with customers. The proprietor, A. S. House, deserves great credit for adding such an ornament to the town, and will doubtless be well patronized. Our friend, A. W. Tucker, is chief clerk. He seems to understand perfectly the business of keeping a hotel.

PROGRESSING.—Rapid progress is being made in the work of grading on the railroad line between this place and Davisville. The iron for this section of the road has not yet arrived, but as the vessel in which it was shipped is now due at San Francisco, it may be expected quite soon and the work of track-laying will doubtless be accomplished in a short time.

Fruit.—The season thus far has been unusually favorable for the abundant yield of fruit. Apple, peach, plum, and almond trees are in full bloom and covered with thrifty fruit in embryo. Yolo county will doubtless produce a greater amount and better variety this year than ever before.

THE ROAD.—With the exception of a few mud holes, the county roads are in a fair condition.

A SNAKE.—A number of the students of Hesperian College, not satisfied with their successful exploit in hiding away the bell clapper on the eve of the fool's day, arranged to make a little plan of abstracting the Professor's carriage from his barn and converting the vehicle into a rolodoped with which to take a moonlight ride. It happened that the Professor got an inkling of their intention, and, lying in wait, at the proper moment he sallied forth and locked in the mischievous deprecators, who enjoyed the fun of making their beds in the mangers for the night. Having failed in this undertaking, a sympathizing school mate, residing two and a half miles from town, invited the marauders next day (the 1st) to partake, in common with him, of an elegantly arranged repast of cake and wine. The invitation was accepted in disobedience to the summons of the bereaved bell rung by the vigorous blows of a hammer, and the truant girls and boys proceeded on foot to the scene of the anticipated feast, leaving the Professor with his assistants, to calmly reflect on the follies of youth. On arriving at the place of appointment the gay party found a feast tempting to their keen appetites. Without ceremony they made an attack, but imagine their surprise when they found the wine bottles filled with cold tea and all the nice cake beautifully infused with cotton. They returned from the bank of Cache Creek sadder, wiser and more hungry, and on Friday morning sought with repentance their accustomed places within the parlor of the Professor, who met them with a complacent smile.

COMING AT LAST.—The Eastern mails which have been detained en route for several weeks are beginning to arrive. This week several large establishments have been received at the Woodland office.

LOCAL MAPS.—In the County Surveyor's office may be seen two excellent maps, one of Davisville and the other of Grafton. The maps were drawn and painted by G. Cox.

BALL AT COTTONWOOD.—The ball given at Cottonwood last evening for the benefit of the District School was well attended. It was quite a pleasant affair.

NUMBER OF PATIENTS.—The whole number of patients admitted to the county hospital since the first of November, 1893, is eighty-six.

THE WEATHER.—During the week the weather has been mild and pleasant.

MARRIED.—In Woodland, April 1st, by W. A. Henry, J. P., L. M. R. to Margaret Ashmire.

BORN.—In Woodland, March 29th, wife of A. S. Armstrong of a son.

BORN.—Near Cacheville, March 20th, the wife of Ben Maston of a daughter.

SPECIAL NOTICES.

THE RECORD.—The parties who thought to lessen the popularity of the Plantation Bitters by alleging that under a different name, the same article effected the most astonishing cures in the West Indies thirty years ago, have afforded the world another proof that malice and envy often defeat their own objects, and give now prestige to that which they would destroy. The proprietors of the Plantation Bitters, Messrs. Drake & Co., while acknowledging the origin of the preparation, have had an opportunity of showing that, rare elixir admitted, even by its interested enemies, to be so wonderfully potent before it changed hands, has had its remedies almost doubled by the addition of a new ingredient—Calaya Bark—since it became the property of its present owners. Therefore, it was so nearly infallible in cases of intermittent and remittent fever, dyspepsia, biliousness, &c., then, it must be quite so now.

PAIN KILLER.—The great family medicine of the age, taken internally, cures Dysentery, Cholera, Diarrhea, Cramp, and Pain in the Stomach, Bowel Complaints, Painters' Colic, Liver Complaint, Dyspepsia and Indigestion, Sore Throat, Sudden Colds, Coughs, &c., &c. Used externally, it cures Bells, Pains, Cuts, Bruises, Burns, Scalds, Old Sores, Sprains, Toothache, Pain in the Face, Neuralgia, Rheumatism, Frost Bites, &c., &c., &c. ad-in.

ELECTRO-SILICON.—This curious and valuable substance is confidently claimed to be the most perfect of the modern era for cleaning and polishing Gold, Silver and Plated Ware, and smooth metallic surfaces, of whatever description, including kitchen utensils of tin, copper, brass, steel, &c.

TO HEADS OF FAMILIES.—Are your little ones subject to CROUP? If so, don't fail to use Newell's Pulmonary Syrup. A few doses given in time may save the life of a darling child. Do not fail to have it on hand, if you would be safe and free from anxiety.

"IN TIME OF PEACE PREPARE FOR WAR."—So get a bottle of Dr. E. Cooper's Universal Magnetic Balm, an unequalled preparation for Dysentery, Diarrhea and Cramp. The instantaneous relief for Burns, Bruises and Sprains.

L. LACOUR & CO.,
MANUFACTURERS,
SAN FRANCISCO.

Manufacture all the Liqueurs and Cordials of modern times, and would especially call the attention of the public to their

STOP THAT COUGHING.

Some of you can't, and we pity you. You have tried every remedy but the ONE destined, by its intrinsic merit, to supersede all similar preparations. It is not surprising you should be reluctant to try something else after the many experiments you have made of flashy compounds foisted on the public as a certain cure; but

Newell's Pulmonary Syrup
is really the VERY BEST remedy ever compounded for the cure of coughs, colds, sore throat, Asthma, Whooping-cough, Bronchitis and Consumption. Thousands of people in California and Oregon have been already benefited by the surprising curative powers of

Newell's Pulmonary Syrup
and with one accord give it their unqualified approbation. We now address ourselves to all who are unacquainted with this, the greatest Panacea of the age, for the healing of all diseases of the Throat and Lungs, assuring you that

Newell's Pulmonary Syrup
has cured thousands, and it will cure YOU if you try it.

This invaluable medicine is pleasant to the taste; soothing, healing and strengthening in its effects; entirely free from all poisonous or deleterious drugs, and perfectly harmless under all circumstances.

Certificates from many prominent citizens of San Francisco accompany every bottle of

Newell's Pulmonary Syrup.

MAGNETIC BALM!
A general Family Medicine. It is a sovereign remedy for

DIPHTHERIA,
And kindred diseases of the THROAT, and unequalled in curing Dysentery, Diarrhea, Cholera, Colic, Cholera Morbus and

FEVER AND AGUE,
Neuralgia, Rheumatism, Colds, Toothache, Burns, Sprains, Bruises, etc., etc. are at once relieved by its timely use.

Truly a Vegetable Preparation!
None genuine without signature of W. R. STRONG.
REDINGTON, HOSTETTER & CO.

Redington, Hostetter & Co's
ESSENCE OF
JAMAICA GINGER!

This valuable preparation, containing in a highly concentrated form all the properties of Jamaica Ginger, has become one of the most popular domestic remedies for all diseases of the stomach and digestive organs.

As a tonic, it will be found invaluable to all persons recovering from debility, whether produced by fever, or otherwise; for while it imparts to the system all the glow and vigor that can be produced by wine or brandy, it is entirely free from the reactionary effects that follow the use of spirits of any kind.

It is so an excellent remedy for females who suffer from difficult menstruation, giving all immediate relief to the spasms that so frequently accompany that period.

It gives immediate relief to Nausea, caused by riding in a railroad car, or by sea-sickness, or other causes.

It is also valuable as an external application for Gout, Rheumatism, Neuralgia, etc.
REDINGTON, HOSTETTER & CO.,
416 and 418 Front St., San Francisco.

Redington, Hostetter & Co's
Florida Water.
FOR THE HANDKERCHIEF.
This article, possessing the most delicate fragrance of Florida Water, is unequalled as a perfume for the Handkerchief.

FOR THE BATH.
Used in bathing, it imparts energy and strength to the system, and gives that freshness and delicacy to the skin so much desired by all.

It Removes Sunburn, Freckles and Pimples.
Diluted with water, it makes an excellent Dentifrice, imparting pearly whiteness to the teeth, sweetness to the breath, and renders the gums hard and of a beautiful color.

It should always be used after shaving, diluted with water, as it relieves all inflammation.
REDINGTON, HOSTETTER & CO.,
416 and 418 Front Street, San Francisco.

ELECTRO-SILICON,
—OR—
MAGIC BRILLIANT!
Direct from Nature's Laboratory.

The best article ever discovered for cleaning and polishing gold, silver, and plated-ware, and all smooth metallic surfaces, of whatever description, including kitchen utensils of tin, copper, brass, steel, etc.

To Jewellers and workers in gold and silver-plate, the Electro-Silicon is of inestimable value; the time saved, and the vexation prevented by its use, will forever render its name to all who have had evidence of its merits.
REDINGTON, HOSTETTER & CO.,
Sole agents, San Francisco.

Latest World's Renowned

"W. H. D."
SEWING MACHINE!

First the "New Wood" F.F., or Family Favorite, only completed as late as 1887, and already known throughout the world as the best Sewing Machine yet made. It took, the same year it was completed, the

Paris Exposition, in 1887,
also at the State Fairs of Pennsylvania, New Hampshire, New York and Illinois.

Also at every Fair since then (without exception) where the Wood Sewing Machine Company have really exhibited its strong points. The demand for it, everywhere, in all countries, is increasing faster than can be supplied.

Price, \$65 to \$500.
The beautiful \$85 style most sold. All families that know the F. F., and are able, are exchanging their old ones to get it!

Second, the heavier "Wood" No. 2, for Boot and Shoe-fitters—price \$65. Third, the wonderful "New" Wood" No. 4, expressly for Tailors, Saddlers and Harness-makers. Powerful, roomy and Noiseless. No harness-maker or tailor can do this and buy any other. The largest manufactures in both Europe and America are now very rapidly exchanging for it. Price, largest size, \$110. We have other kinds of Sewing Machines, but advise to buy the "Wood" as most certainly the last and best. Address—

The Reasons for Insuring

NEW ENGLAND MUTUAL
Life Insurance Company,
OF BOSTON.

By the Acts of Massachusetts, incorporated into the General Statutes of 1850 and 1884, a Policy of Life Insurance for the benefit of a Married Woman, or any person or persons specified, guarantees to them independently of the debts and liabilities of the party who effects the policy.

An Act to Regulate the Practice of Policies of Life Insurance.
Be it Enacted, etc., as follows:

SECTION 1.—No Policy of Insurance on Life, hereafter issued by any Company chartered by the authority of this Commonwealth, shall be forfeited or become void by the non-payment of premium thereon, any further than regards the right of the party insured therein to have it continued in force beyond a certain period, to be determined as follows:—To-wit: The net value of the policy, when the premium becomes due and is not paid, shall be ascertained, according to the "combined experience" or "actuarial" rate of mortality, with interest at four per cent. per annum. After deducting from such net value any indebtedness to the company or notes held by the company against the insured, which notes if given for premium shall then be canceled, four-fifths of what remains shall be considered as a net single premium of temporary insurance, and the term for which it will insure shall be determined according to the age of the party at the time of the lapse of the premium, and the assumptions of mortality and interest aforesaid.

SECTION 2.—If the death of the party occur within the term of temporary insurance covered by the value of the policy, as determined in the previous section, and if no condition of the policy, other than the payment of premium, shall have been violated by the insured, the company shall be bound to pay the amount of the policy the same as if there had been no lapse of premium, anything in the policy to the contrary notwithstanding; provided, however, that notice of the claim and proof of the death shall be submitted to the company within ninety days after the death, and provided, also, that the company shall have the right to deduct from the amount insured in the policy the amount at six per cent. per annum of the premiums that had been forborne at the time of the death.

[Approved, April 10, 1861.]

YOLO COUNTY DEMOCRAT.

The Four Questions.

When the belle of fifteen gets sight of a beau,
She scarcely can keep through the sticks of
her fan;
Her heart all a flutter, but her cheeks all aglow,
She tremulously simpers out, "Who is the
man?"

Sweet twenty has brought to her years of dis-
cretion
She blushes no longer, but alters her plan;
She thinks of the pocket, the place, the pro-
cession,
And looks round the circle with "What is the
man?"

At thirty, each day that she looks in the mirror,
She sees that some leaf of the rose has grown
wan,
And looks round the circle with "What is the
man?"

At forty she changes her tune, grows more romantic,
Finds it pretty to sigh, plays the harp, and
looks wan;
Hunts watering places and steams the Atlantic,
For the point of her travel is, "Where is the
man?"

MUSICAL CHICKEN.—Old Pinta (J. K. Lovejoy) paid us a visit a day or two ago, and told us everything but the scandal per-
taining to Crystal Peak. Among the rest, he gave us an account of a singing hen, of which he is proprietor. The hen has not as good singing qualities as the canary, but her confidence in herself is something wonderful. At the call of Mrs. L., the hen will come into the house, get up on the lady's lap, and at the first command, without any apology for the want of practice, a bad cold, or any-
thing of the sort, will proceed to discourse a mild air. This is but a prelude to what is to follow. After singing the first notes, her henship will subside until commanded in a stern voice to sing louder. Then the hen spreads out her wings, stretches her neck to its furthest tension, turns one eye sidelong (a la Ben Butler), and pours forth a strain that lacks nothing in earnestness however much it may be melody. Pinta vouches for the truth of the above. He says that at command the hen will imitate a setting hen perfectly, even to the maternal cluck, though she is at the same time a steady layer, and only plays setting on request. The hen is only a common black Spanish, but Pinta swears he would not take a four horse team for her. [Reno Crescent.]

GOOD JOKE.—The following is from an Eastern exchange. McKean Buchanan once called on a lawyer in San Francisco to try a suit for him. The lawyer, Coffroth his name was, refused, because he considered himself permanently retained against Buchanan in the interest of the heirs of Shakespeare.

One other day a young lady stepped into a well known establishment on Baltimore street, and inquired of a handsome clerk: "Sir, have you any mouse-colored ladies' gloves?"

"Mouse-colored, Miss?"

"Yes, a sort of gray—just the color of your drawers," meaning the store drawers, which were painted gray.

"My drawers, Miss," ejaculated the young man, glancing down at his dress to see if everything was right and tight. "My drawers, Miss? why I don't wear any."

It is related of an ancient and somewhat intemperate citizen of Illinois, that having heard a youth in his presence hastily pro-
nounce some whiskey which he tasted "devil-
ish bad," he sharply caught him up, and re-
proved him. "Young man," he said, "you mustn't talk in that way. Some whiskey is better than other whiskey; but no whiskey is bad."

One of the New Haven clergy recently received a letter desiring him to prepare a lecture on temperance for the writer. "For," said he, "I am an excellent extemporaneous speaker; I have my lecture written for me." This must have been the same individual who said he had a few impromptu remarks to make which he had written out in his pocket.

A couple were to have been married the other evening, and the bride was ready for the ceremony at the appointed time, but the bridegroom was not so ready. A messenger was sent for him, but instead of fulfilling his duty he sent back word that he never in-
tended to marry the lady, and only wanted to see how she could take a joke.

At a debating society in Cincinnati, the subject was: "Which is the sweeter pro-
duction, girls or strawberries?" After con-
tinuing the argument for two nights, the meeting finally adjourned without a conclu-
sion—the old ones going for the strawberries and the young ones for the girls.

SEVENTY tons of paper and two tons of ink are used weekly in printing the London Times, whilst the daily issue weighs from eleven to twelve tons. To do this work two ten-cylinder Hoo presses and two eight-cyl-
inder Applegraph machines are used, capable of working fifty-six thousand an hour.

A SERVANT girl out West recently tried whiskey to kill rats. She made it sweet with sugar, crumbled in bread and set it in the cellar. A few rats afterward she found several rats plumply fattened, engaged in throwing potato parings and hauling one an-
other up to drink.

BERT, go down and stir up the apple-but-
ter." Bert, approached the huge kettle containing the above mentioned article. "Why, mama, what is this?" she asked, fishing up a black substance. "Lor' for me! if there's a bit of blither plaster that can't off my back. I had sashed and sarched for that air!"

This Boston Post declares that "New York has become so wicked that they have been obliged to widen Hell Gate." The New York Express retorts: "The Post may be just in its inference, because the object of widening is to make broader the road to Boston."

The Cincinnati Catholic Telegraph an-
swers the clamor about the political rights of women in the following brief terms: "Her proper mode of behavior is by tears and smiles. Let women be true to their duty to themselves and to religion, and woman's rights will take care of themselves."

An Iowa editor takes pains to tell his read-
ers that he had an introduction to a young lady from Ohio, whom he mentions by name, and says she is "all sorts of a lovely girl, sharp as a frosty morning, full of tricks as a deer, and as happy as a whole flock of snow-
birds."

A GENTLEMAN, giving a lecture to some boys, was explaining how no one could live without air. He then said: "You have all heard of a man drowning—how does that happen?" The ready answer was, "Cause he can't swim."

An octogenarian says: "I was born at the wrong time. When I was a young man, young men were of no account. Now I am old I find old men are of no account."

FALL AND WINTER IMPORTATIONS!

APOTHECARIES

—AND DEALERS IN—

DRUGS!

MEDICINES!

Paints, Oils,

Perfumery and Fancy Articles,

LAMPS AND LANTERNS,

Books, Stationery,

BLANKS!

(All kinds),

Razors, Pocket Knives,

Tobacco, Cigars, Pipes,

COMBS, BRUSHES, etc.

Elliott's Block,

MAIN STREET,

WOODLAND.

"ETHEOLINE."

Prepared by

READ & MAGEE,

Druggists and Apothecaries,

MAIN STREET, WOODLAND.

The ETHEOLINE removes all kinds of Grease

Spots, etc., from silk, ribbons and cloth; it

also cleans gloves in a few moments without

effacing the color; and for cleaning wool or

silk is invaluable. It is not offensive, like

other preparations of the kind; on the contrary,

it is an elegant perfume.

N. B. We have secured the services of BEN

HASTINGS, an experienced chemist, who will

attend to the compounding of prescriptions.

1216-3m

Fall and Winter Stock!
